

**ACTION TAKEN REPORT**

Date : 5-08-2020

The institution has structured feedback mechanism to obtain feedback from internal and external stakeholder through various programs.

The feedback has been collected from stakeholders for 2019-2020 academic year and prepared action plan .The possible insights are implemented in accordance with VTU curriculum.

Sl.N o	Stakeholders	Suggestions	Action Taken
1	Students	Students suggested to conduct industrial visits regularly	To get exposure for students about industrial environment ,The Head of the departments are instructed to conduct more number of industrial visits.
		Students requested to provide training on soft skills	The principal has directed to respective Head of the departments to make necessary arrangements for soft skills improvement for the students.
2	Teachers	Faculty suggested to organise Add-on courses for gap filling in reaching industrial standard.	The principal has directed to respective Head of the departments to make necessary arrangements for add on courses for students.
		Faculty requested to organize more guest lecture from esteemed personalities from reputed institutions/industries	As per the current trends, the Head of the departments are instructed to come up with proposals for conduction of seminars, guest lectures , invited talks etc
3	Alumni	Alumni Suggested to Organize the career guidance program with reference to jobs in PSUs, Gate and Industry	Principal directed the training and placement committee to organize carrer counseling program for the students.
		Alumni suggested to organize the training classes on Programming .	The principal has directed to respective Head of the departments to make necessary arrangements for soft skills improvement of the students.
4	Employers	Students should be updated on current technologies.	As per the current trends the Head of the departments are instructed to come up with proposals for conduction of seminars, guest lectures and invited talks.

20	7/31/2020 9:39	2019-2020	Electronics and Communication Engineering	8th	GOOD	GOOD	GOOD	GOOD	AVERAGE	AVERAGE	GOOD	AVERAGE	POOR	AVERAGE	More labs and practical subjects should be included Theory based subjects simply test the ability of a student to memorise and are seldom useful Lecturers who have worked in industries should be hired so that they're able to show students how the subjects we study are applicable in solving real world issues. Assignments should be absolutely scrapped More workshops should be held. Attendance should not be mandatory for any class, if it's worth it the students will themselves attend, they need not be forced to do so

Any Suggestions

14 responses

Self learning on real life applications

One of the Good Industry to learn about new things

Helpful

Good Company

Make some extra curriculum program for the students to develop skills based on their interest as per industry standards.

Overall Performance of Mirza Jaffar Ali from NIT Raichur is good

Overall performance of Sharanabasava G of NIT, Raichur is good

Vinod from NIT Raichur is flexible about work schedule and understood work process, able to run quality by his own

The Department of Civil Engineering has been planned an one day guest lecture on “Synergy of Geology and Engineering for Sustainable Development” to be arranged on 19-02-2020 and conducted by the chief guest Dr. Praveen. M N, Director, Geological survey of India, Bangalore and Mrs. Nimmy K C, Senior Geologist, Geological survey of India, Bangalore.

Guest Lecture on Synergy of Geology and Engineering for Sustainable Development was organized by Department of Civil Engineering on 19-02-2020. Resource persons given talk on The challenges facing our society to become more sustainable are large and require inter- and trans-disciplinary approaches. Although geologists possess specialized problem-solving skills that make us well-suited to help society move toward more sustainable practices, we tend to be underrepresented in relation to other disciplines in national and global debates on sustainable development.
